Professional Profile

Hello! My name is Joaquín, I'm a 21-year-old web developer with a degree in Computer Technology, and I also graduated from Henry Academy along with other web development courses I've taken. I have over 3 years of experience in software development and more than 2 years in the front-end sector, working with technologies such as React, CSS, HTML, JavaScript, TypeScript, Redux, WordPress, among others. I am also a Full-stack developer, so I can perform without any issues in the back-end sector.
